

CELESTIAL SPHERE

PROBLEM SOLVED

THE PROBLEM: I know my big 3 signs, but I don't know what that means

THE SOLUTION: Celestial Sphere is an app that you can use to input your sun, moon, and rising signs to learn about what they mean. You can also interact with other users to learn about them as well.

PROJECT MVP FEATURES

- The user can register and **CREATE** an account with an email and password
- The user can **READ** their account, traits of all the zodiac signs, and other user profiles
- The user can **UPDATE** their account
- The user can **DELETE** their account
- The user can see traits of all sun, moon and rising signs displayed
- The user can see a list of users

PROJECT ADDITIONAL FEATURES

- Make sun/ moon/ rising navbar items drop downs to navigate to different pages
- User search
- Add a checkbox group on edit profile for private or not
 - set filter to display only public profiles in viewing all users
- Make some navbar items icons
- Add Friends / "people to my sphere"
 - add navbar option "My Sphere"
 - add button on profile view to link to "My sphere"
 - add button to add user's page currently viewing to sphere
- See compatibility with friends
 - add section on current user's profile to see compatibility
- Diary entry where users can post how they resonate (or don't) with their signs traits

PROJECT MVP STORIES & CRITERIA

As a person, I should be able to register/create a new account for celestial sphere

-CRUD

Given the person wants to use celestial sphere

And does not have an account

When the person clicks on the *Register* link at the bottom of the login form

Then a registration form will be presented

When the person clicks submit, a new user object will be created

As a user, I should be able to view the traits of any sun, moon, rising sign

-CRUD

Given the user doesn't know about moon signs

And the user wants to see the traits for a gemini moon

When the the user clicks on the "moon" navbar link

Then a list of each moon sign and their traits will be displayed

As a user, I should be able to edit my account profile on Celestial Sphere

-CRUD

Given the user wants to use add or edit details to their profile

When the user clicks on the “Edit Profile” button at the bottom of the profile view

Then a form will be presented

When form is completed

And the user clicks submit

Then the user object will be changed/updated

As a user, I should be able to delete my account on Celestial Sphere

-CRUD

Given the user wants to delete their account

When the the user clicks on the Delete Profile button at the bottom of edit profile view

Then the profile will be deleted

As a user, I should be able to view a list of other users

Given the user wants to see who else is online

And they want to know their signs,

When the the user clicks on the Users navbar link

Then other user profiles will be displayed
